

## Drawings Customized Electric Flue Industrial Flapper Valve Stainless Steel Other materials

Our Product Introduction

for more products please visit us on [fbballvalve.com](http://fbballvalve.com)

### Basic Information

- Place of Origin: China
- Brand Name: FABIA
- Certification: ISO9001,CE,CCS,DNV
- Model Number: 1/8 inch 36 inch
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: Cartons/Wooden cases
- Delivery Time: 15-30 work days
- Payment Terms: L/C,D/A,D/P,T/T,MoneyGram,Western Union
- Supply Ability: 100-1000 set per week

### Product Specification

- Product Name: Electric Flue Flapper Valve
- Type: Damper Valve
- Valve Body: Stainless Steel
- Actuator Type: Electric
- Connection Type: Flanged
- End Connection: Flanged
- Flow Rate: Low/Medium/High
- Material: Stainless Steel
- Seat Type: Metal-to-Metal
- Control Type: On/Off
- Pressure Rating: High
- Temperature Range: High

## Product Description

### FABIA Electric Flue Flapper Valve Stainless Steel Flue Flapper Valve

#### 1. Description:

Flue gas baffle door is used in the inlet, outlet or bypass flue gas desulfurization and denitration system.

Plug-in plate is usually driven by electric hydraulic drive to expand and expand to isolate the flue gas.

Can be opened or closed by DCS near and far operation.

#### 2. Specification:

FABIA Valve Parameter List	
Valve type:	Electric Flue Flapper Valve Stainless Steel Flue Flapper Valve
Size:	1/8 inch 18 inch
Material:	WCB,GGG40,FCD,SS304,SS304L,SS316,SS316L,ST37(Q235B),S410
Connection type:	Butt /Flange Connection
Driving model:	Manual/Worm gear drive/Pneumatic/Electric
Pressure rating:	PN0.1 PN16
Temperature:	-40 1000
Model:	FB-DB.....

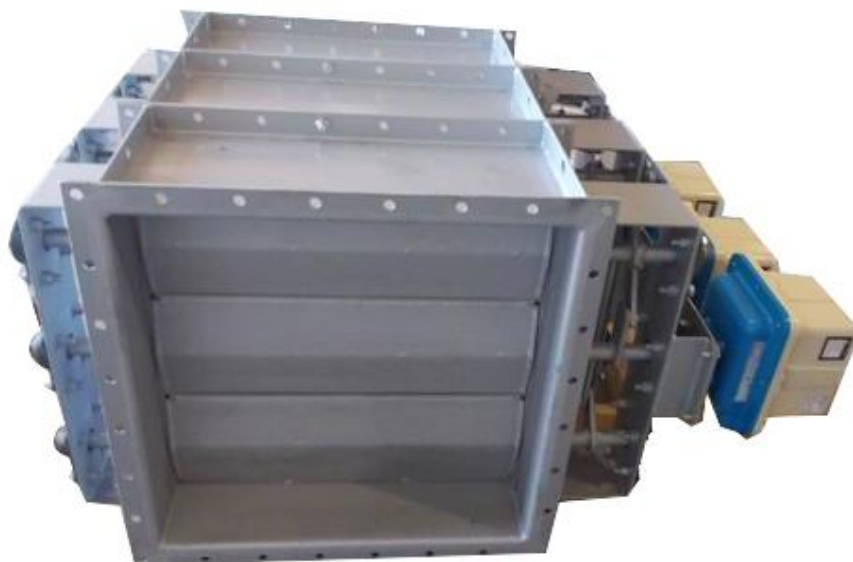

#### 3. Features:

Gas baffle door of the sealing structure adopts the combination of soft and hard sealing, which is tightly sealed and can achieve the purpose of zero leakage.

Switch flexible baffle door adopts hydraulic drive mode, thrust is more than 17 tons, pull is more than 13 tons, oil pressure is more than 25KPa, to ensure that the equipment switch is flexible without jam.

High temperature insert board using diamond structure design, high temperature resistance without deformation.

Easy to install factory valve with flange, just cut the flue open, the valve directly welded on.
